 - Championship team selects first, then 2nd place team then the host team (if applicable) then repeat process from the beginning for the 2nd selection, etc.
- ‘AA’ teams can pick from other ‘AA’ teams, AND from ‘A’ teams but only after all the ‘A’ teams have made their picks FIRST (In other words – they can pick whatever is left over from the ‘A’ teams).
- Player selections for AAA teams going to provincials may come from any rosters (‘AAA’, ‘AA’ or ‘A’) from their league/region, as registered with BaseballMB; providing the player was not already picked up by a ‘AA’ or ‘A’ team for regional or provincial competition. Also provided, that the players must try out for their respective ‘AAA’ league team first and not be selected in order to be eligible for selection by another region.
- Past practice has been to allow communities to pick from their own community teams that have been eliminated, if this is applicable.

APPENDIX VII – Pitch Count Rules – Page 98 – MBA Handbook Pitch Count Regulations

1. Any player on the team is eligible to pitch and there are **NO** restrictions to the number of pitchers a coach may use in a game.
2. An appearance shall be defined as 1 pitch thrown or more.
3. Pitchers are permitted to have a maximum of 2 appearances in the same calendar day. If a pitcher requires a rest following the 1st appearance, they cannot return to pitch in the same day. (Example: a Pee Wee pitcher throws 29 pitches in their 1st appearance. That pitcher has not reached a rest threshold and may pitch in another game that calendar day. Another Pee Wee pitcher throws 40 pitches in their 1st appearance. That pitcher has exceeded the no-rest threshold of 30 pitches, and cannot pitch for the remainder of the day). The official scorekeeper will calculate the total pitches thrown for that calendar day and determine the required rest starting the next calendar day. These two appearances would only occur if 2 or more games are being played on the same day.
4. Every pitch thrown in the game is counted (including foul tips, and all foul balls). Warm-up pitches between innings, or when a new pitcher enters the game, are not part of the count.
5. A pitcher cannot pitch 3 consecutive days unless a pitcher’s first two (2) days combined does not exceed:
11U: 25 13U: 30 15U: 35 18U: 40
 - a. If a pitcher’s Day 1 + Day 2 total exceeds the figure shown above, they require at least one days rest. A pitcher cannot pitch four consecutive days. Minimally one days rest is required. (Example: A 13U Pitcher throws 15 pitches on Day 1 (Friday). That same pitcher throws 10 pitches on Day 2 (Saturday). The two day total is 25 pitches, which is less than the limit of 30. This pitcher is allowed to pitch on Day 3 (Sunday) to their maximum limit, which for 13U is 85. **This is a change from the previous rule where a pitcher could not pitch on 3 consecutive days.**
6. The official scorekeeper will calculate the total pitches thrown for that calendar day and determine the required rest (if any) starting the next calendar day. Athletes must **not** exceed the maximum pitch count total for that day. If there is no official Pitch Count scorekeeper, the home team Pitch Count scorekeeper will become the official Pitch Count scorekeeper.
7. Once a player assumes the role of pitcher, they cannot catch for the remainder of the day. This rule allows a player to catch, and then pitch in the same game or the same day. However a player cannot pitch and then catch in the same game or day. **This is a change from the previous rule that said players cannot pitch and catch in the same day.**
8. Pitchers will be permitted to finish the batter if their maximum pitch limit has been reached for that calendar day. (e.g. 75 for a 11U pitcher, 85 for a 13U pitcher)
9. Intentional walks will be included in Pitch Count totals.
10. Required Rest shall be defined in “Days” starting at 12:01 a.m. and ending at 11:59 p.m. of the next calendar day.
11. A pitcher who is removed from the mound during the game shall not be permitted to return to pitch in the same game, even if the pitcher is retained in the game in another position.
12. SC will follow the guideline that a rain delayed game is considered to carry over with pitch count limits reflecting the day the game was suspended. rev. April 4, 2011
